Certified Information Systems Security Officer – CISSO

Description

The purpose of this training is to prepare candidates for the CISSO (Certified Information Systems Security Officer) exam, an international certification issued by MILE2. The CISSO training is currently the most up-to-date and most practiced training in the world. It is aligned with the objectives of the ISO27001, NIST, CISM and CISSP major standards.

The CISSO training makes it possible to present oneself at a later date and to pass more easily the CISSP certification exam organized by ISC²
