

SAP S/4HANA – Sales

Description

In this official SAP course, you will learn about the fundamental business processes in SAP S/4HANA Sales, including how to perform the most important functions from presales to receipt of customer payment. You will also learn about the key master data in this area. The course also touches on integration with the areas of materials management, manufacturing (make-to-order process) and financial accounting.

This training has the following format:

- 3 days of training
- 1 day of e-learning
- 0.5 day for the certification

Niveau

Intermédiaire
