# SAFe® 6.0 Scrum Master

## Description

The SAFe® Scrum Master course equips attendees to coach Agile teams to deliver business value at scale. The course teaches you the tactical skills needed to be an effective Scrum Master in a SAFe organization. It also gives you the guidance and tools necessary for working in remote environments with distributed teams. This training prepares you for the “SAFe® SSM” exam included in the course price.

## Niveau

Intermédiaire
